Veterans' Outreach has the primary mission of honoring and serving all veterans. Each veteran has unique needs that are identified through personal one-on-one interviews. We endeavor to use our program resources to offer a hand up, not a hand out; to benefit veterans and in turn communities and this great nation.

"Heroes' Passage, a place for post 9/11 WAR VETERANS to go and to heal, and to get back in touch with themselves. Find a way back to where they were before the impact of war. Become reconstituted or reconstructed into the being that they were, and hopefully, better."
