Introduction

We are not just a nation of immigrants...with different cultures, colors, appetites, spiritual needs...we are all Americans. We need to come together, again, and fight for that justice and liberty for all!

There are so many enemies that will constantly want to take that away from us. We open the door to opportunities, wider than ever, so everyone can have a part of the "American Dream". As we face new enemies of our Democracy, domestic and international, now and in the future, we must unite, be ready, and have each other's back. We can't do it alone! We need you all to come together as ONE!

Inspiring Greatness

Our Services For Veterans

We've been around for 26 years and helped veterans more than 100,000 times. We are known for our ability to cut through the red tape and directly help veterans in need. We have developed many programs that perform our mission. This includes Direct Aid, Employment Outreach, Heroes' Closet, Serve Veterans Now Food Pantry.

Heroes' Passage Project

Veterans' Outreach was donated 110 acres of Kentucky wilderness. Plans are underway to develop Heroes' Passage, a healing environment for post 9/11 veterans that are having problems with transitioning to civilian life.

Plans include a CORE facility (Counseling, Offices, Recreation, and Eatery), private cabins for each veteran, working farm, Chapel, and tribute garden. There will be a place for therapy, job training, and job placement to help each veteran overcome and enjoy a fulfilling life.

Service Spotlight

What We Do Every Day

Youngstown, Ohio

A veteran that suffers from back pain and trauma has had to undergo many surgeries. Sadly, he contracted the Covid 19 virus and was ill for several months. His gas bill had fallen way behind. We were able to stave off the inevitable disconnect by paying his bill.

Sarasota, Florida

A veteran who had been homeless until the VA Hud Vash program got him an apartment and paid the majority of the rental bill. With complex knee problems, a required hip replacement so that he can comfortably walk again, and radiation therapy for prostate cancer plus the fallout from the pandemic, he has been unable to work and asked for assistance on his utility bill. We immediately helped him out, lifted his spirits and he's scheduling the hip replacement.

Hartselle, Alabama

A veteran who was about to be released by a local hospital. He was not from the area, just passing through and ended up in the hospital. He needed two nights lodging to get well enough to continue his journey. We told him that we could help. We were able to reach out to our Bridges to Business group in Decatur

AL. They donated enough for a two night stay with a little spending money to boot. We picked the veteran up at the hospital and took him to his room. He is a good person who is down on his luck, and very grateful. We are blessed to have connections with good people that want to help veterans.

You Can Help Our Veterans

Please consider a donation. God Bless, Be Safe, Help us to continue to "serve and honor" our veterans! Visit our website, veteransoutreach.org or our [Facebook](#) page for further details.

Veterans Affairs Bulletin

To Those Who Served Our Country

Military veterans and those on active duty have sacrificed their lives, comfort and choice of employment in the name of protecting American freedom. Without the US military,

America as we know it would not exist and millions of Americans would not be able to live their lives in peace and prosperity. As a sincere thank you, our country and plenty of companies who employ veterans offer life changing discounts and even free products and services exclusively to members of the military and their immediate family members.

A Moment In History

Navajo Code Talkers

The Navajo "code talkers" were recruited during the second World War to help communicate messages on the battlefield. Their language, which at the time was still unwritten, proved to be an uncrackable code. The Navajo code talkers, helped the United States win World War II. The Navajo language was the perfect language to use because it had no alphabet, and as a result, there were no materials the Japanese could use to learn it. By the end of the war, the code had been expanded from an initial 211 words to over 600 words, which the code talkers all committed to memory.

U.S. Department of Veterans Affairs

The United States Department of Veterans Affairs (VA) is a federal Cabinet-level agency that provides near-comprehensive healthcare services to eligible **military veterans** at VA medical centers and outpatient clinics located throughout the country; several non-healthcare benefits including disability compensation, vocational rehabilitation, education assistance, home loans, and life insurance; and provides burial and memorial benefits to eligible veterans and family members at 135 national cemeteries.
