Veterans Day

The Blood, the Guts, and the GLORY?

Most Americans have stories to tell about personal experiences or of a loved one's service to our country. However, many stories won't be told and we will never know the true essence of what happened that kept us all safe from tyranny.

The IMPACT of war is real! Veterans' Outreach sees this week-in and week-out. The Glory belongs to the USA because of the successes of our great military might. Many veterans never see that victory or glory. It's hard to see the "big picture" when they are still embroiled by the impact of war.

Service Spotlight

What We Do Every Day

Youngstown, Ohio

A Veteran visited our office with a couple of unrelated problems. He had recently had his toes amputated and he needed his furnace repaired. We were able to provide the medical supplies that he needed thanks to some generous donors, and we paid to have his furnace repaired.

Sarasota, Florida

A previously homeless veteran was given an opportunity by the VA to move into an apartment. They would cover the rent. However, it was mandatory that the veteran obtain and pay for renters insurance. He had been homeless and jobless for months, was flat broke and could not pay the insurance. The VA caseworker suggested that he contact the Sarasota office of Veterans' Outreach. He did and we moved fast, with the necessary check within 2 working days, much to his relief.

Veterans on Wall Street (VOWS)

We are spreading the word of this event across the veterans community. It is completely free of charge.

Military veterans, spouses and corporate hiring managers are invited to virtually attend the **10th Annual Veterans on Wall Street (VOWS) Symposium on November 9, 2020, from 8:30 am to 5:30 pm ET**. VOWS is a consortium of more than 100 firms dedicated to honoring former and current military personnel by facilitating career and business opportunities in financial services and beyond.

The VOWS Symposium brings transitioning veterans and spouses together with senior corporate leaders, hiring managers and other key leaders from government and the financial services industry. This year's Symposium will convene leading thinkers and stakeholders to discuss the transition into the civilian workforce, with a focus on the resiliency and transferable skills of military veterans and their spouses.
